Professional Summary

Front-End Developer specializing in React.js, Next.js, and TypeScript, with professional experience building production web applications and responsive user interfaces. Experienced in reusable component architecture, API integration, bilingual RTL/LTR interfaces, and interactive admin dashboards. Focused on writing maintainable code and delivering accessible, reliable user experiences.

Professional Experience

Growfet, *Front-End Developer* June 2026 – Present
Mansoura, Egypt

- Migrated the company's legacy website to a modular React 19 and Vite application, introducing reusable components and feature-based architecture.
- Implemented bilingual English/Arabic routing with RTL/LTR support and language-aware navigation.
- Developed interactive trainee showcases, searchable graduate profiles, and responsive user interfaces.
- Built the front-end interface for an administrative dashboard, including trainee management forms, status controls, and image previews.
- Implemented custom animations using native browser APIs and developed dynamic SEO metadata for localized routes.

Featured Projects

Growfet — Software Engineering Academy Platform | Company Project
Technologies: React, JavaScript, Vite, React Router, TanStack Query, Bootstrap, CSS
Live: https://www.growfet.com/

- Migrated a legacy website to a modular React application with reusable components and feature-based architecture.
- Implemented bilingual Arabic/English routing with full RTL/LTR support and localized navigation.
- Developed interactive trainee showcases, searchable graduate profiles, and responsive admin dashboard interfaces.
- Built custom animations and implemented dynamic SEO metadata and structured data for localized pages.

Rashet Etr — Perfume E-commerce Platform | Company Project
Technologies: React 19, JavaScript, Vite, Swiper, SQLite WASM, IndexedDB, REST APIs
Live: https://rashet-etr.growfet.com/

- Migrated a legacy vanilla JavaScript storefront to React 19 and Vite, organizing the application into feature-based modules and reusable components.
- Implemented client-side data persistence using SQLite WASM and IndexedDB, with local data fallback mechanisms for selected product and shopping features.
- Developed interactive product filtering with URL synchronization, a multi-step checkout flow, and shopping cart functionality within a collaborative development team.

Growfet Tech — Corporate Digital Services Platform | Company Project
Technologies: React 19, TypeScript, Vite, CSS Modules, Google Analytics 4
Live: https://tech.growfet.com/

- Developed reusable React components and a feature-oriented application architecture using TypeScript, CSS Modules, and custom design tokens.
- Implemented interactive UI features, including a keyboard-driven command palette, project showcase modals, a project cost estimator, and responsive navigation.
- Integrated Google Analytics 4, WhatsApp-based lead generation, structured SEO metadata, and service worker caching to support website functionality and discoverability.

Portfolio Management Platform
Technologies: Next.js, React, TypeScript, Framer Motion, CSS Modules, Vercel
Live:https://ebrahim-amer-v.vercel.app/
- Developed a responsive personal portfolio using Next.js and TypeScript to showcase projects, technical skills, and professional experience.
- Built reusable UI components and interactive features, including animated page transitions, project showcases, and a command palette.
- Implemented modular styling and responsive layouts to ensure consistency across desktop, tablet, and mobile devices.
- Deployed the application on Vercel with structured project pages and SEO-focused metadata.

Technical Skills

Frontend
- React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3

State Management
- Redux Toolkit, Context API, React Hooks, TanStack Query

Tools & Practices
- Git, GitHub, Vite, ESLint, Agile/Scrum, Debugging, Accessibility

AI Tools
- Google Antigravity, ChatGPT, AI-Assisted Development, Prompt Engineering, AI-Powered Debugging and Code Optimization

Styling & UI
- Bootstrap, Tailwind CSS, CSS Modules, Responsive Design

APIs & Data
- REST APIs, Axios, JSON, Supabase, SQLite WASM

Additional Technologies
- PHP, Laravel, MySQL, MVC, CRUD Operations

TRAINING & CERTIFICATIONS

Full-Stack Diploma — T-Square Academy 08/2024 – 03/025

React Front-End Developer Trainee, *Egypt Digital Pioneers Initiative (DEPI)* 07/2025 – 12/2025

Front-End Web Developer Trainee, 08/2025 – 10/2025
National Telecommunication Institute (NTI Creativa)

Education

Bachelor of Computer Science and Engineering, *Mansoura University* 2022 – 2026
Graduated: 2026
